K I T A K Y U S H U

Kitakyushu is the most advanced city in Japan with regard to pollution control and recycling technology. It was one of the twelve world cities given a Local Government Honors Award at the United Nations Earth Summit to honor its environmental programs. Kitakyushu is home to the West Japan Industry and Trade Convention Association, with its Kitakyushu International Conference Center and is very active in holding and hosting international conferences of various kinds, especially on the environment and education. *Wonderful to visit!* Near-by attractions: active volcano (Kumamoto), lime-stone cave, Hiroshima (~1.2hr by Bullet train), Nagasaki, & other places in Fukuoka & Kitakyushu!
